Refuser les stéréotypes, les portraits impersonnels, les rendus insipides.
Focaliser sur plus humain, plus proche.
Dire les caractères, la diversité.
Laisser s'exprimer le ressenti, l'émotion.

Clips, interviews, séquences, films courts,
capsules motion, la vidéo est partout.
Didactique, captivante, créative, partagée,
elle s'impose comme vecteur de
communication multi-supports.

La vidéo a capacité à faire naître des émotions.
Je vous la propose en y apportant sensibilité,
intimité et ressenti.

Vidéo : l'image et l'audio pour captiver

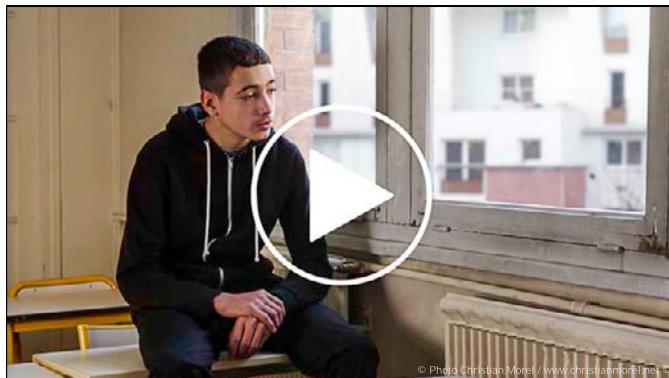

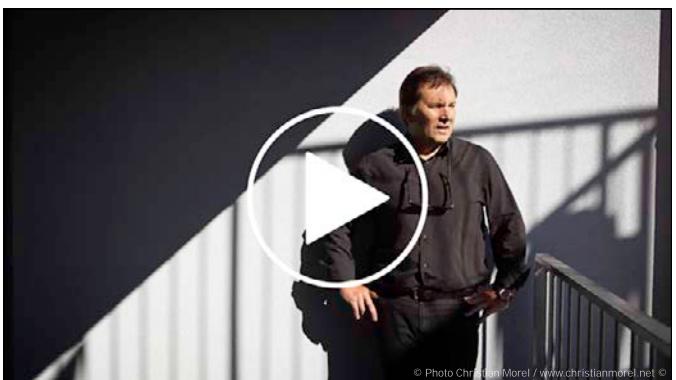

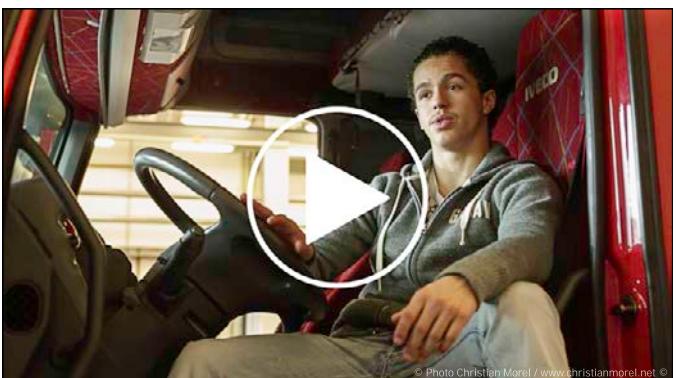

Créer l'image qui raconte.
Celle qui intrigue, qui saura captiver.
Ajuster en finesse des décalages
de mise en scène.
Viser la légereté pour savourer
ces moments éphémères.
Porter le regard sur les gens
et les petits gestes qui comptent.
